Paddington Provides a Picnic Surprise!

The annual Teddy Bear's Picnic at Seaton House School, in aid of the charity Action Medical Research, has a surprise visitor last week, when Paddington Bear brought his marmalade sandwiches for lunch! This surprise visitor brought great excitement to the occasion and was swamped with hugs and cuddles from the younger members of school.

The girls from Reception to Form VI all brought a favourite Teddy or cuddly toy to school for the day, paying a £1 donation for the privilege and these donations are passed on to Action Medical Research. The weather was kind and the picnic took place at lunchtime on the school field in warm summer sunshine.

Headmistress, Mrs Debbie Morrison commented “This is my first Teddy Bear’s picnic at Seaton House and it was a lovely occasion made even more special by the surprise arrival of Paddington Bear to the delight of all the girls.” “Paddington was an incredibly well behaved bear and posed patiently for photographs with all the girls. He was particularly pleased to meet Sahar Gulamali who won his miniature self in the raffle”.
