22nd May 2020

Well we finish the half term with bright, sunny weather which always lifts the spirits. I have been really impressed by how well the girls have engaged with their learning this half term. There has been some really good work and it has also given us as a staff team food for thought about how we might present some of our topic lessons in the future.

I know many of the girls are missing their friends and are as keen to return as the staff. This is not an easy way of working, but given the unprecedented situation we have found ourselves in, it has on the whole been very productive. It has certainly given me the opportunity to discover more about the girls' gifts and talents which has been a real pleasure.

On the classroom stream of the older girls I have put some suggestions of things they might like to do or watch over the half term break. Hopefully, if the weather remains good they can get out and enjoy the local parks and gardens. Please also check the amended timetable for after half term which was sent via Parentmail.

After half term we will begin to welcome back Nursery, Reception, Form I and Form VI albeit half classes at a time. As the government updates its advice we will look to open for other year groups provided it is safe to do so.

Finally, if your daughter is in Form II-VI and she has not yet completed a design for our school planners then we will be accepting entries until Tuesday. Please do send in any artwork to the school office.

Wishing you all a safe, restful half term.

Lana (FI)

Aimee (FI)

Arya (FI)

Daisy (FIV) has been getting creative this week baking and drawing.

Kareena (FII) has painted a water colour of the religious God Ganesh.

We have some more maths skills being put to good use in the kitchen this week.

Viviene (FI) has produced some colourful pop art.

Shiveya (FIV) baked cupcakes.

Aaliyah (FIV) baked her first loaf of bread.

Siya (UN) baked ginger biscuits after being inspired by the story of The Gingerbread man.

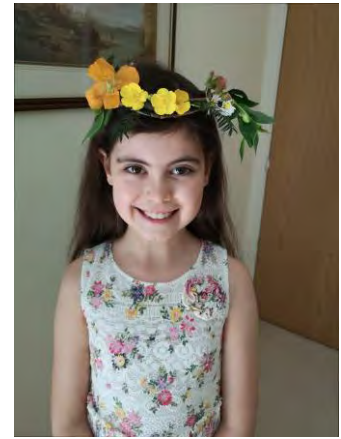

Gracie B (FVI) At the start of lockdown, I set myself a goal to run past everyone's house in Year 6. I completed the challenge this week, with a total distance of just under 50km. I took routes around Cheam, Purley, Sutton, Epsom and Hackbridge, my longest run was to Hooley, which was a hilly 10k! It was nice to see some of my classmates at their front door and find out how they're doing.

Georgia (FIII) 3D cat artwork.

Shreya (FI) created a flower collage following her science lesson.
